

Partner Group Benefits and Fees A Quick Reference Guide

Become a partner of the largest network of non-profit organizations working on behalf of Central Oregon's environment!

The Environmental Center is the region's hub for collaboration and events that support a healthy environment and a sustainable future. We can help your organization achieve its mission by connecting you with like-minded individuals and organizations in the region.

Here's why 25 non-profit organizations currently partner with The Environmental Center. For an annual fee of \$175, they receive:

- A listing on our website in the Partner Groups directory (located under "About Us"), with your logo, organization description, contact info, website, and social links.
- Promotion of your events on our community calendar. TEC's website receives over 4,400 unique visitors each month.
- Promotion of your events and key announcements on our social media pages and in our e-newsletters, which are sent to over 6,000 unique subscribers.
- Referral of volunteers and community members to your organization.
- Use of the brochure rack and community board at the Environmental Center. Over 500 public events are scheduled at the Environmental Center each year!
- Discounted booth rate (\$75, a 25% discount from the standard nonprofit rate) at our annual Earth Day Fair in downtown Bend, held in late April each year.
- Discounted meeting space and equipment rentals at our centrally-located facility in downtown Bend (30-40% discount depending on timeframe; see rates below).

Discount Rental Rates for Audubon or High Desert Room

- 0-2 Hours: \$30
