

Grab & Go Garden & Nutrition Activity Kits

We're excited to support families at home with fun activities that connect kids to nature through food! Join us each week with a new activity.

For this week's activity, **Seeds Soil & Sun** and **See Them Sprout**, here are 2 videos.

How-To Video:

Today is Earth Day!

The annual fair & parade on April 25th has been cancelled – but we will still celebrate, connect, and take action for the 50th anniversary of Earth Day. We believe Central Oregon can harness the power of collective impact and rally around Earth Day in meaningful ways – despite all the challenges we face right now.

Here are the 2020 Earth Day highlights:

- Original artwork by Jefferson Greene.
- Earth-Day themed scavenger hunt app.
- Colorful costumes and a virtual parade.
- Story time with Teafly Peterson, creator of the Earth Guardian giant puppets.
