

## LUNCH BITES

### How Can You Protect Nature?

Nature is the home to many different plant and animal species! What are different ways we can help protect the environment?

#### Hey Kids!

Check out this video to see how our very own Forest Explorers here in Central Oregon will protect nature! Can you think of any more examples? >>>>>

## LUNCH BITES

### The Legume Dance

#### Fun Facts About Legumes:

- Legumes are flowering plants of the pea family. The pods, or fruits, of these plants are also called legumes.
- Some well-known legumes include beans, peas, peanuts and soybeans.
- There are more than 18,000 species, or types, of legumes.

**Dance along and learn more with The Legume Dance.**
