

Garden Grant Summary Report

Due: Nov 20th, 2020 or
May 28th, 2021

Project Coordinator:

School/Organization:

- 1) What was your initial project?
- 2) How did COVID-19 school closures impact this project, and how did you adapt your project?
- 3) Who was involved in the project? What were the roles of students, staff, parents, etc.?
Explain how your entire school/org may have benefited from this project?
- 4) How were grant dollars spent? What materials and or/services did you purchase with the funds?
- 5) What activities were completed?
- 6) How many students are participating in garden based lessons at your school? How has this grant (if at all) affected the quantity, quality, or type of lessons offered?
- 7) How many students, if any, received 10 or more hours of garden based education?
- 8) Were there any additional measurable results of the project?
- 9) What, if any, were (non-COVID-19) problems and/or challenges that you encountered in the project?
How did you resolve those challenges?
- 10) How will this project be continued into the following school year and subsequent years?
- 11) Are there any additional anecdotes, stories, or student quotes that help illustrate student impact?

*Please attach at least 3 digital photographs to the email for use on our website!

*Reports completed by 11/20/20, for 2019/2020 recipients, will receive an additional \$250 to spend on garden/farm/ed/outdoor classroom supplies of your own choosing.
Email completed report & images to denise@envirocenter.org
