

# POWER YOUR OFF-GRID EVENT WITH CLEAN, SILENT ENERGY

The Solar Trailer is a renewable energy power-house, perfect for any outdoor event. Outfitted with 6kW worth of bifacial modules, the Solar Trailer produces over 40kWh on a summer's day. Overcast or rainy? Never fear! The Solar Trailer is equipped with a 15kWh lithium battery pack and a backup generator that can run on diesel, bio-diesel, or filtered waste/vegetable oil.
